Coding Standards

- Naming convention for variables and methods: camelCase.
- Class names will be simple nouns in mixed case with the first letter of each internal word capitalized.
- Adding relevant comments at each stage of code.
- Documenting our work after the completion of each phase/iteration.
- We will avoid hard coding.
- We will make sure that we will always push our updated code into github without fail as and when the work is done.
- We will follow the indentation and use the curly braces starting from the next line to have matching curly braces throughout the code.
- We will ensure not to make our methods too lengthy.
- We will make sure to have a legible/readable code
